

Dear customers,

we are glad to inform you that MLE became TAPA member.

The Transported Asset Protection Association (TAPA) is a unique forum that joins global manufacturers, logistics providers, freight carriers, law enforcement agencies, and other stakeholders with the common aim of reducing losses from international supply chains.

TAPA statistics prove that its members are measurably reducing cargo crime compared to the rest of the industry.

This is a further milestone in MLE goal of granting even more security during handling operations. Offering our clients with the highest security standards is no doubt one of our main targets. To this purpose we are also willing to propose you a new dedicated set of additional security services and checks able to allow a full monitoring of each single step of your valuable cargo from acceptance to delivery. Our commercial team is at your disposal for any further information you would like to receive.

If you need a fast access to all the information click here:
